# 2016 Annual Report

# Mission

Our mission at Ronald McDonald House Charities of Central Illinois (RMHCCI) is to provide a supportive home away from home for families with children receiving medical care, and to support programs that directly improve the health and well-being of children.

*"The guest chefs are so wonderful! Words can not express how wonderful it is to come home to a home-cooked meal. Many times meals were the only break many of us would take away from our babies. As Aurora and Henry get older, we plan on being guest chefs and giving that comfort back to other families."*

Portions of the annual operating costs for Ronald McDonald Houses are graciously funded by Owner/Operators of local McDonald's restaurants through in-store campaigns. The remainder of our annual operating income comes from the generosity of individual, non-profit, memorial, and corporate donors.

We would like to personally thank our McDonald's Owner/Operators in Central Illinois and Peoria/Bloomington for all the support they have given RMHCCI in the past, present and future!

- More specifically, McDonald's Owner/Operators support us through:
- Conducting the annual Give A Little Love fundraiser each February
  - Partnering with us for promotional and fundraising events
    - Serving on our Board of Directors
  - Hosting RMHC donation boxes in their restaurants
  - Donating in-restaurant sales of USA Today and some local newspapers
  - Conducting the annual McHappy Day fundraiser

*Although McDonald's is our largest corporate donor, no company can solely fund RMHCCI programs and our projected growth. We need the support of the entire community and greatly value any support you can provide to RMHCCI - whether it's through cash donations, your time, or other fundraising efforts.*

# Meet The Hogan Family

When MaryBeth arrived at the hospital with complications with her pregnancy, she did not know the lengthy ordeal she was beginning. MaryBeth's daughter, MaryKate, and her son, Henry, were both born premature. MaryBeth learned that the twins would need to remain in the NICU for several months. Due to her children's medical needs, she and her family could stay at the Ronald McDonald House for as long as needed, at absolutely no cost.

MaryBeth stayed at the House for over four months. Sadly, MaryKate passed away, but her brother Henry's care continued. During a challenging time, MaryBeth was able to focus on what was most urgent- her son, having a warm bed, hot meals and a comforting environment to return to.

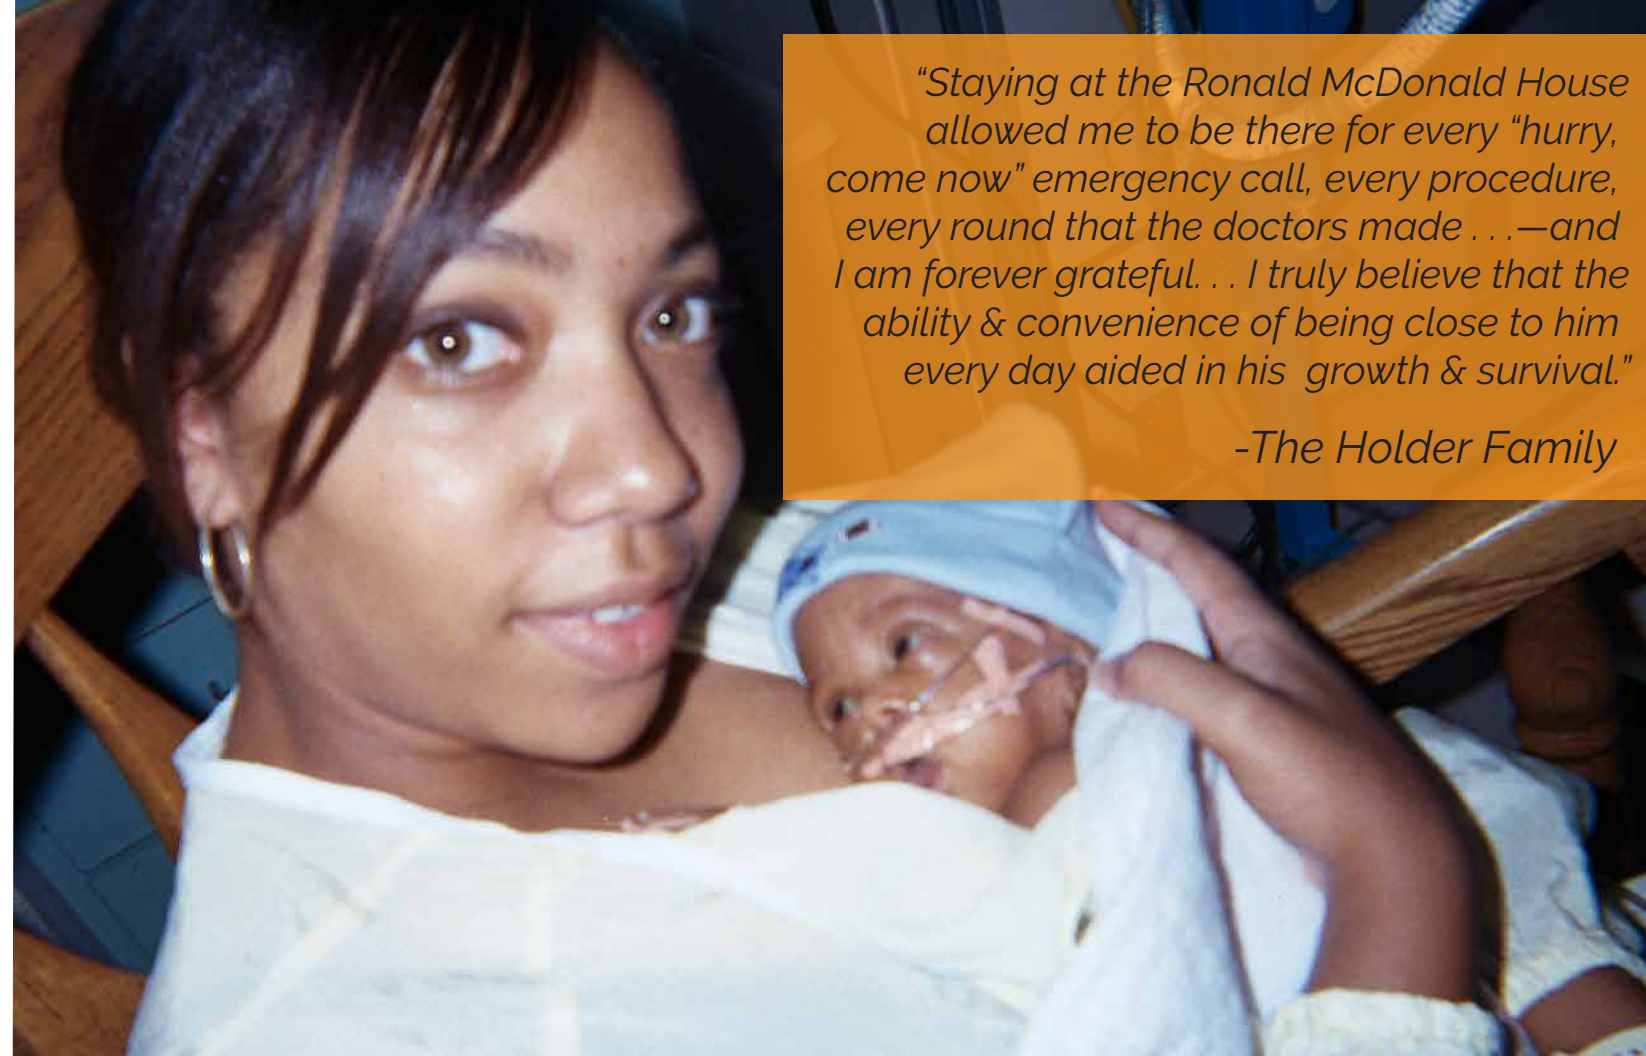

Mary Beth explains, "Ronald McDonald House is someplace that you do not think about until you or someone you know has benefitted from it. The generous donations that enabled me to stay 116 days of Henry's 120 day NICU stay are phenomenal! Thosedonations allowed me to be with my son every day throughout his care! I truly believe that Henry is thriving today because of the generous supporters that allowed me to be with my son every day!"

During her time here, MaryBeth was able to be close to Henry day and night. Her husband Robert, who worked full time, and their daughter Aurora would frequently visit on weekends. During their visits they too could stay at the House free of charge and have a comfortable place to eat, rest and play. Their two-year-old daughter, Aurora, lovingly calls the facility the "clown house" and always looked forward to playing on the playground or visiting with the staff. Like many parents here, MaryBeth quickly built friendships with other parents at the House which she maintains even after her time at the House.

It is through the kindness of many businesses, families and individuals who support our work at Ronald McDonald House Charities of Central Illinois, that stories like Henry's and MaryBeth's are possible. Your gift has the ability to change someone's story for the better.

*"Staying at the Ronald McDonald House allowed me to be there for every "hurry, come now" emergency call, every procedure, every round that the doctors made . . .—and I am forever grateful. . . I truly believe that the ability & convenience of being close to him every day aided in his growth & survival."*
