

Medical Community Open House | 12.19.19

We're excited to work with the medical communities of central Illinois to keep the families of kids receiving care at your facility close by. Nothing is scarier for a child facing a medical crisis than not having mom and dad there for love and support. Because your team is one of the first to come into contact with many of our guest families, we're inviting the entire central Illinois medical community to come tour the new Peoria Ronald McDonald House®. Light refreshments will be provided.
